

Call for Proposals

Milk River Watershed Science Forum

December 5, 2017

Milk River Civic Center

The Milk River watershed is a unique watershed in the most southern part of Alberta. It is unique, known not just for its dry climate, extraordinary landscapes but also for the diverse plant and wildlife communities.

This science forum is a way to showcase scientific research that has been conducted in the Milk River Watershed. This forum provides a stage for researchers to share their findings with engaged community members and stakeholders.

The Milk River Watershed Council invites proposals for presentations on topics related but not limited to, Research or Monitoring in:

- Water Quality / River Hydrology
- Land Use Planning / Native Grassland
- Species at Risk / Fisheries
- Resource Extraction / Reclamation

Please submit a proposal outlining a short description of your research in 500 words or less. (Please use format attached).

If accepted, presentations should be no longer than 20 minutes with panel questions at the end of each session.

Poster presentations are accepted.

Per-diem available for unfunded travel. Lunch will be provided.

Deadline for proposals is November 13th, 2017

For more information or to submit your proposal please email mary@mrwcc.ca
